

TRAVIS GREEN

Travis is an organizational psychologist and leadership coach focused on moving organizations and people forward. For twenty years he has worked with leaders and teams across business, academic and non-profit sectors. Travis is passionate about creating change that sticks, building exceptional teams, and working with individuals to create an organizational life that is rewarding, collaborative, and balanced. He uses customized solutions and organizational effectiveness tools to build emotional and collective intelligence. Travis provides coaching methods to move leaders forward, by bringing out their best for the organization, and themselves. He is known for his ability to mesh process with task that moves dialogue to action, and works alongside his clients to deliver objective and impactful outcomes.
